Thousands Attend; About $2500 Made

It will be a few more days before most Lakeside residents, particularly those who played major parts in presenting th "Days of 49" program, have fully "recovered" from the whirl of events. But all agreed yesterday (Monday) that this 1954 event presented Saturday and Sunday was one of the most successful in its 10-year history; and Robert Watkins, chairman, said at least half of the approximately $5000 gross returns would be available for War Memorial Building projects.

Approximately 10,000 persons witnessed the big two-hour parade Saturday while another 5000 flocked into town to view other events and participate in a few program features, including the Saturday night dance.

Watkins said, "I think it was very successful, and I very sincerely thank everybody, particularly chairmen and co-workers, for their help in putting the 1954 program across.

Dick Murray, publicity chairman, said the approximately $2500 net returns would be used to improve the War Memorial Building. "Two general things will be done," he said. "One is to landscape the area around the building and to open the dining room to the outside. The other is to arrange a good dressing room by the stage."

These projects and other plans, as well as gripes and complaints, will be discussed at a committee meeting in Boyd's real estate office at 8 p. m. tomorrow (Wednesday), Watkins said.

Features of the program, in addition to the parade, included greased pole climbing contests Saturday and Sunday afternoon for boys and girls, respectively; concession business in the "Gold Gulch" both days, with Harvey Huffman and Carroll Ray in charge; entertainment programs directed by Mrs. Audrey Stephens, dance instructor; a big barbecue after 5 p. m. Saturday, with Dick Stout serving as chairman; an auction directed by Mrs. Claude Weston at 6:30 p. m. Saturday; dance Saturday night; crowning of the queen, also Saturday; "Old Timers' Picnic" and the Chuck Wagon Feed on Sunday.

Before the parade, a "bank holdup" and "bandit lynching" was staged on South Maine street is a manner that had the crowd roaring its approval—and also had a few tots staring in surprise, unable to believe their eyes.

Chief Ramon, Indian tribe head, and Jim Ames (no relative), oldest Spaniard in this area, appeared as chief marshalls, while Roy Lee Cooper, heavily bearded resident, served as 49er sheriff.

New Queen On Throne Saturday

Barbara Watkins, Grossmont High school senior who was sponsored by the Optimist and Opti-Mrs. clubs, served as queen of the "Days of 49" program Saturday and Sunday as a result of a decisive victory in the queen election.

Miss Watkins received 95,624 votes. Ann Gallon, representing the Frontier Riders, finished second wth 46,260 votes while Melva Godbold, Sportsman's club candidate, earned third highest honors with 31,654 votes. Fourth place went to Chloe Barkdull, Veterans of Foreign Wars candidate, with 27,185, and Penny Mastt, sponsored by the Lakeside Farm Bureau, received 11,307 votes.

The new queen was crowned by her father, Robert Watkins, Lakeside Chamber of Commerce president, before a large audience in the War Memorial Building. She also occupied the "throne" on a float that carried her and the other candidates in the "Days of 49" parade earlier aSturday.

When notified of her victory Friday night, Miss Watkins said, "I am so happy. I wish to thank Steve Hensler, Charlotte Peterson and all the other people who helped me win. Though I was sponsored by the smallest clubs (Optimst and Opti-Mrs.) in town, in small numbers there is great strength."

The queen has spent her life in California, the past five years in Lakeside. She belongs to Les Chanelles, Job's Daughters and other clubs at Grossmont High school; and she enjoys swimming, miniature golf and virtually all other sports.

Many Earn Honors in 49 Feature

At least 3000 people witnessed the 1954 "Days of 49" parade that began at 11 a. m. Saturday, right after a "bank hold-up and lynching" had been staged, and continued for two hours with 150 units participatng. Largest in the history of the Lakeside event, the parade had a distinctly western flavor with many Indians and Spaniards among those participating.

Earl Allen, parade chairman, encountered many difficulties as a result of the record number of entries, but he used his vast exprience to overcome these obstacles. However, he said the parade was too big for Lakeside. "One hundred and fifty units in a parade is a BIG parade," he said, "and we should have had only 85. To make things worse, three of the five announcing systems went bad, and a fan can't really enjoy a parade unless he knows who the parading people are."

Six bands that participated were Grossmont Union High school band; Ozzie's Youth Band, St. Augustine High school band, and the Frances Haff Accordion band of El Cajon. The latter group, first in the parade, dropped back and provided music for the fourth division of the parade as a substitute for the Julian and Ramona high school bands that failed to appear as scheduled.

WHAT'S DOING
W. Rank, your Telephone Manager for Lakeside

A radio powered by sunlight

For centuries man has dreamed of getting power from the sun. Perhaps you, too, have wondered about it. Well, now it's happened. Bell Telephone Laboratories has invented a solar battery that directly and efficiently turns sunlight into useful amounts of electricity. It's made from an ingredient of common sand. Even at birth, it supplies enough power to run a small radio set (right) or send voices over telephone wires. Much development remains to be done. But the Bell Solar Battery, used with transistors, offers great opportunities for improvement and economies in telephone service. Research like this helps us bring better telephone service to more people at the lowest possible cost. Pacific Telephone works to make your telephone a bigger value every day.

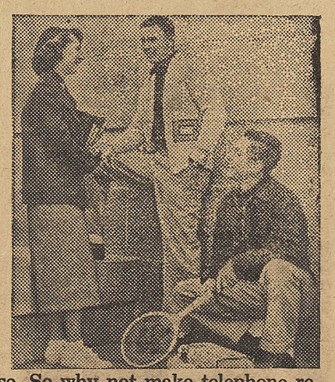

Free booklet for your personal telephone numbers

Here's your handy guide to the local and out-of-town telephone numbers you call most often. By listing numbers you call frequently in this booklet, you'll be able to find them quickly and easily. And when you give the operator the number you want, out-of-town calls go through twice as fast. For a free copy, just call, write, or drop in at our business office.

Have a "no-letter" man away at school?

No need to be at the mercy of the postman when the young man or young lady in your family is away at school. In just minutes you can visit any campus in the country by telephone . . . hear again that happy greeting—"Hi, *Mom*!" . . . "Hi, *Dad*!" And it needn't be a *rare* treat, either . . . not when long distance calls cost so little. You can make a 3-minute night "station" call to campuses as far away as the East Coast for only $2.00 plus tax . . . to nearby campuses for even less, of course. So why not make telephone reunions a weekly event in your family. In fact, isn't there a youngster who'd love to hear from you tonight? Pacific Telephone.

Acme Freight Rate Slash Helps SD Area

Acme Fast Freight, Inc., this past week announced elimination of an extra charge on less than carload freight shipments to San Diego and 232 other West Coast cities, and San Diego County business leaders said this move would place this area in a competitive position with Los Angeles.

The charge of 60 cents a 100 pounds for less than carload lots would be removed effective November 10, R. J. Taylor, Acme general freight agent ,said. As a result San Diego area buyers and manufacturers will be saved about $700,000 annually because 75 per cent of the area's incoming freight is in less than carload lots.

The extra charge has been in effect on less than carload shipments to all West Coast cities except Los Angeles, San Francisco, Portland and Seattle for many years. This placed San Diego at a disadvantage in competing with Los Angeles.

Harry Evans, San Diego Chamber of Commerce industrial department manager, said the new rates will apply to a 20-mile radius outside the city of San Diego.

Other freight companies are expected to follow suit.

"It is hoped that singers from local churches and other choral groups will join with others of the Grossmont area to make this community chorus a great success," Davis said.

— EDITORIALLY SPEAKING —

It has been said, and with good cause, that ours is a country of pressure groups. It is only natural, however, that groups of citizens with similar interests join together in order to be heard more effectively.

We can organize a group to press for the exclusive use of mint-flavored glue on postage stamps or rally a loyal band dedicated to the abolition of bubble gum with apparent ease. Almost every aspect of our national life has had ready spokesmen in the American tradition of fair play. It is in this spirit that we welcome a new "Pressure Group," one whch was formed to protect the interests of fair play itself.

The Fair Campaign Practices committee, as it is called, is doing its lobbying right out in the open and the more people who know about it the better the committee likes it. Their particular area of operation is political campaigning and their concern is about the back-alley level to which it sometimes sinks.

Right now, each of the 1047 candidates for Congress should have in his hands his copy of a code for fair political campaigning from the committee. The candidates were asked to sign a pledge to abide by this set of ethical standards. We do not understand how they can refuse.

You Overweight? Heart Group Forms Clubs To Help Many Adults Reduce

Any Foothills resident 15 or more pounds overweight is invited to join the free and voluntary weight-reducing "Heart Clubs" now being organized throughout this area by the San Diego County Heart association.

Based on the idea of "group dieting" these help-your-own "Heart Clubs" have helped thousands of overweight adults to reduce in other cities and states, leaders say.

Each "Heart Club" is limited to 12 members and is organized by a group of men or women right in their own neighborhood, with weekly meetings scheduled at a time and location decided upon by the members themselves.

Each group selects its own chairman, weigh-master and the keeper of the charts. In other cities and states, (where "Heart Clubs" have met with outstanding success) after the weekly "weighing-in" and group discussion of their weekly progress in weight reduction, club members spend the remaining period playing cards, sewing or other social activities.

Judge Ronald Abernathy, president of the San Diego County Heart association, said, "The longer the belt line, the shorter the life line." However, research has proved that it is far easier to reduce when you are a member of a congenial group having the same weight problems you have, hence the phenomenal success of this dieting plan."

Abernathy pointed out that any adult 15 or more pounds overweight is eligible to join the free and voluntary weight-reducing "Heart Clubs" now being organized fees or dues. Special diet menus are furnished, without charge, for the club members' individual needs, and the club meetings are furnished with audio-visual material, literature and other dietary assistance. "The theme of the Heart club meetings is to make reducing as pleasant as possible," said Abernethy.

Medical research proves that obesity seriously impairs an adult's life expectancy, his ability to perform daily tasks, his appearance, and his resistance to heart disease, high blood pressure and many other diseases.

Anyone wishing further information about joining these free and voluntary "Heart Clubs" in this area should phone or write the San Diego County Heart association, 1651 Fourth avenue, San Diego 1.

MORE TIPS FOR HOME BUYERS

Before you move into a new home, check the house to be sure that it is in good condition, and that the builder or seller has finished up everything as promised.

If you are buying a new house, you may make a deal with the builder to move in before he does all the outside work. For example, he may not be able to do the driveway or walks because of cold weather. So have a clear understanding—in writing—that any such uncompleted work will be properly done.

Find out from your builder if any new equipment (heating plant, refrigerator, washing machine, etc.) carries manufacturer's guarantees. If so, have him tell you whom to call if you need service.

As a rule, once you buy your home you pay for repairs and upkeep, such as outside and inside painting and maintenance. But, when you buy a new home a responsible builder will generally agree to correct defects due to poor material or workmanship within a given time after you move in. Get the builder's written agreement as to what he will do.

Ask whether the builder will do the following:

See that the heating unit works.

Keep up your roof and roof flashings against leaks.

Correct a wet basement due to seepage.

See that the septic tank operates properly, if you have one.

Does your contract also cover: cracks in the masonry; opening or spreading of woodwork joints, improper operation of doors, cabinets, and windows; water leaks at windows or doors; exterior paint blistering or peeling; settlement of ground around your foundation; tile in your bathroom or kitchen cracking or pulling away from the tub or sink; dampness in your basement; excessive floor shrinkage or swelling?

In any case notify the builder and give him a reasonable time to make any needed corrections.

If you buy a previously occupied house, there is, as a rule, nothing you can do against the former owner to get him to correct any defects, unless, of course, such things are put in writing. Otherwise, that makes it even more important to be sure that the house is in proper condition before you buy.

NOTE: The State Bar of California offers this column for your information so that you may know more about how to act under our laws.

3 Vehicles Crash In Lakeside, One Motorist Injured

Fete W. Cotton, 37, of 4935 70th street, San Diego, suffered facial cuts at 3:20 p. m. Sunday when the car he was driving was involved in a three-car crash at the intersection of Benedict and Woodside avenues, Lakeside. The front of his car was also damaged.

Drivers of the other vehicles in the accident were Richard I. Estevane, 26, of 4456 Arch street, San Diego, and Nancy Jean Good, 15, Santee. The total front and rear of Estevane's car was badly damaged while the rear bumper of the pick-up truck driven by the Good girl was badly dented.

Acording to California Highway Patrolman Roy Martinez, all three vehicles were traveling eastward on Woodside when the mishap occurred. The vehicles of Miss Good and Estevan came to a stop while Miss Good wanted to turn on to Benedict avenue, the officer said.

SD Hadassah Chapter To Hold Fashion Show Friday; Exclusive Models From Israel Scheduled To Appear

Demonstrating that high fashion is taking on a more international flavor while retaining the best of the Oriental motifs and craftsmanship brought to the young nation of Israel by thousands of immigrants, the San Diego chapter of Hadassah, women's Zionist Organization of America, will hold a fashion show of exclusive models from Israel at 1:30 p. m. this Friday at the State theatre, 48th street and El Cajon boulevard.

Garments were flown to this country from Jerusalem, where they were originally designed and created by graduating students of the dressmaking department of Hadasah's Alice Seligsberg Vocational High school.

The fashion show will help launch a campaign for funds needed to expand Hadassah's education projects in Israel. A $250,000 addition to the school is currently being built.

According to Mrs. Victor Schulman, general chairman, the 29 original garments that will be premiered here will give a unique insight into the makeup of the people and country. They prove that fashion is an expression of a culture and a way of life. The blending of eastern and western elements is an indication that Israel's designers are aspiring toward a certain international objectivity in their creations.

Mrs. Harry Felson, of La Mesa, president of the San Diego chapter, extends a cordial invitation to the community to enjoy the glamourous "Couturier Fashions from Israel."

San Diego's nationally known fashion authority, Miss Helen Abel, wil act as commentator. A delightful musical interlude will be sung by Bernard and Mildred Lamb accompanied by Pauline Gleason.

Tickets are available at $1.50 from Mrs. Al Slayen at HOpkins 9-4434, Borgan's Music company box office at 724 Broadway is open on Monday to Thursday of this week from 12 to 4 p. m. No reservations will be made and the doors will be open at 1 p. m.

Santee P-TA Sets Meeting Thursday

Meeting on Thursday at 7:30 p. m. in the school cafetorium, Santee Parent-Teachers association will renew its regular meetings for the 1954 school year, according to Alice R. Johnson, chairman.

Parents and teachers began earlier this month to carry out the month's theme, "Progress through friendship. Begin today to get acquainted," 'the publicity chairman said.

The September theme was started when the P-TA executive board entertained the teachers at a luncheon September 9.

At the coming meeting parents will have an opportunity to meet with the teachers of their children, and new teachers added to the staff will be introduced.

"Thursday evening's program included a humerous skit illustrating "How Not to Have a Parent-Teacher conference," Mrs. Johnson said. "Eighth grade mothers will be hostesses for the evening."

All Santee parents and children are invited to attend local P-TA meetings. Nursery care is provided by the P-TA for the very young children.

E. D. Zimmerman Rites Conducted

Funeral services were held at 2 p.m. yesterday (Monday) in Paris Mortuary, El Cajon, for Ernest D. Zimmerman, 66, of 329 South Maine street, Lakeside, who died last Wednesday. The Reverend William Raseley of the Seventh Day Adventist church officiated and private internment followed.

Mr. Zimmerman was a retired San Diego County Public Works department employe who had resided eight years in Lakeside. He leaves his widow, Ethel, and two sons, Everett of National City and Phillip, now on duty with the Navy.

Woman's Club Opens Season

Following several months of vacation, the Lakeside Woman's club will hold its first social meeting of the season at 1 p.m. Thursday in Kiwanis Hall.

Archie Pruyne, Lakeside Elementary school principal, will present an interesting film, and a social hour will follow. The club executive committee will be in charge.

All members and prospective members are urged to attend.

Breezes from the Hills

By the Cub

Guests for dinner at the Lee Foster home last Wednesday were Mrs. F. E. Wright from Texas, and Mr. and Mrs. Clinton Lee of North Park. Mrs. F. E. Wright is staying with the Fosters for a week or so.

Irvin Lyons returned Thursday evening from Los Angeles after four days of training at the Fre and Rescue School sponsored by the Telephone Company and the civlian defense organization of L. A. Lyons was sent to the school by the company for which he works. However, the school is open to the public and it is free of charge. It is hoped that there will be other Lakesiders who will be able to attend this very worth while school, he said.

After the bed-down service Sunday, the senior choir and the high school choir of Lakeside Community Presbyterian church enjoyed a swimming party at the home of their director, Mrs. Waldo Toomire. Both choirs sang for the bed-down service.

Mr. and Mrs. J. D. Abel have traded their home and two acres of their land in the "Hills" for a place on Pepper drive. New owners of the home are Mr. and Mrs. C. A. Fournier.

There is continual growth and change in the Hills." Willow road might be sighted as an example of this. Among the first newcomers to Willow road were Mr. and Mrs. Kenyon Smith from Los Angeles. They moved in a house, remodeled it, planted an orchard, and landscaped their yard so quickly that we onlookers were amazed. Smith is a retired police lieutenant, now employed in the plant protection department of Convair.

Not far from the Smith place is a new modern redwood home owned by W. S. McSpadden. Among the "soon to build" are Mr. and Mrs. Leonard D. Fordyce of Linda Vista, whose land on Willow road was recently surveyed for a building site. Fordyce is a postman but finds time to care for the grove of avocados he has planted here in the "Hills."

Mr. and Mrs. James Brodie are hoping to start construction on their home soon, too. They recently purchased two acres on Willow Road from Mr. Ralph Gilbert.

A large addition to the J. P. Robicheauw home and the bulldozing of two more building sites complete the list of recent developments along this road. Other parts of Eucalyptus Hills seem to be changing and growing in just the same way.

2 Boys Stranded On Barge At Sea

Walter Robertson, Lakeside resident, was a member of the San Miguel crew which had an interesting experience one day last week.

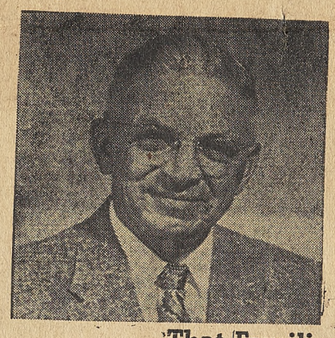

The San Miguel left San Pedro with a gas barge in tow, and upon arrival at San Diego it was discovered that two youths, 16 and 17 years old, were aboard the barge.

The youths said their skiff, returning to Newport Beach from Catalina Island, had sprung a leak which kept them busy bailing out. When they saw the barge, they said, they tied their boat to it and pulled the engines, plus their gear aboard. The rope broke, however, when they tried to pull the boat on to the barge, and they found themselves stranded the youths said.

Santee Citizens Favor Lakeside Water District

Voicing opinion by a show of hands, resdents of Santee voted to join with the Rio San Diego Water district, Thursday night in a public meeting held in the Santee school, according to Cecil Morgan, community leader.

"By a show of hands at this open, fair and impartial meeting," Morgan said, "Santee residents voted 74 to 5 to join with the Rio San Diego district."

The Rio San Diego Water district includes all of the area in the San Diego river basin, east of the city of San Diego, and the three Lakeside water districts.

"Since each of the Lakeside districts have three members on the board of directors of the Rio San Diego district," Morgan said, "Santee was allowed to vote on three members to represent this community on the Rio San Diego board."

Doctor Harold Cornell, Carl Miller and Sam Rogers were elected by the community to represent Santee on the district board.

Thursday night's decision came after several proposals had been put to the community, with four potential districts all seeking Santee membership.

Rio San Diego, Rancho El Cajon, Lakeside Mutual and Rio El Cajon water districts all had sought membership of Santee in already existing, or proposed water districts, for communities representing a large portion of the Foothills area.

2 Horses Knock Down 2 Fences

Frightened by noises behind Watkins Bake Sweet Shop one day early last week, horses owned by Jackie Jarvis and Ann Callan, candidate for "Days of 49" queen, broke loose and knocked down two fences owned by Mrs. Josie Miller in their flight.

The horses sped in opposite directions. Jarvis' horse headed for his Winter Garden home and lost his saddle and blanket enroute. However, Russell Johnson found the saddle and an unidentifed person returned the blanket.

Both horses suffered foot injuries, consequently were unable to march in the "Days of 49" parade's color guard.

Bridge Opened On Main Street

Opening of a bridge on West Main street, El Cajon, was announced last Saturday by Bernard Noden, city manager.

Noden said construction of the bridge, curbing and approaches was started on July 28 and opened for traffic last Thursday.

"Funds for construction of the 'Main street improvement bridge'," Noden said, "we're acquired from the City Gas Tax and cooperation of property owners adjoining the bridge site."

The appointment was effected by Mrs. Hugh L. Huffman, president of the branch, in order to relieve Mrs. Robert Cordry who has resigned and is transferring to the El Cajon branch of the international organization.

Candidates Stage 'Soap Box' Act; End Paying 'Fine'

Patrons of Lakeside's "Days of 49" program Sunday afternoon were treated to an extra laugh when Representative Bob Wilson, seeking reelection to Congress from the 3t0h district, and Jack Schrade, Republican candidate for 80th District Assemblyman, staged a "soap-box" demonstration before they were "arested" by three "sheriffs" and fined $20 apiece by "Judge" Carroll Ray in War Municipal Building.

Wilson and Schrade willingly presented their act as requested by Robert Wagner, "Days of 49" chairman, and other officials. "Sheriffs" who arrested them were Walt Hartung, Roy Lee Cooper and Everett Guetter.

After notifying the two candidates that they had to pay $20 fines, Ray asked the spectators if they thought he should let Wilson and Schrade go, and the crowd yelled, "No!"

As a result the Republican candidates, apparently very popular in Lakeside, gave brief talks. Schrade urged the citizens to vote for Wilson as "one of the best known and finest Congressmen in Washington." Wilson, in turn, said he favored the election of Schrade to the Assembly.

Schrade is running against John Hunter, Democrat, and both are novices in politics. Wilson, seeking his second term in Congress, is opposed by Ross T. McIntire, Democrat who was personal physician to the late Franklin D. Roosevelt.
